

Make "PATIENT SAFETY" a Priority with Color-Coded Security

Latex-Free Tubular Dressing **ALERT SYSTEM** (From the Makers of SPANDAGE™ Tubular Elastic Retainer Net)

STOP !!!

**Review Physicians Instructions
before Proceeding
DO NOT CHANGE DRESSING**

Order #	Size	Product Description (Suggested Use)
MTSCGR02	2	Medium Fingers/Toes, X-Small Arm/Hand, Small Hand, X-Small Leg/Foot
MTSCGR04	4	Medium Arm/Hand, Large Hand, Medium Leg/Foot
MTSCGR06	6	Small Head, Medium Shoulder, Medium Thigh, Large Leg/Foot
MTSCGR08	8	Large Head, Medium Chest/Back, Medium Axilla/Perineum, X-Large Thigh

Today's "Specialty" Advanced Wound Care Dressings need to be in place 5 to 7 Days or more to be Effective

Use SURGI-COLOR GUARD™ As an " **ALERT SYSTEM** "
TO KEEP THESE "SPECIALTY" WOUND CARE DRESSINGS IN PLACE

Any Nurse or HealthCare Provider (regardless of Shift Changes) will recognize that
the **RED/WHITE Netting** over the Dressing means to Review Physicians Instructions before Proceeding !!!
