

Medi-Elbow & Heel Safeguard™

Skin Pressure Protection

LATEX FREE

- The soft, durable fabric consists of: 72% Acrylic - 20% Spandex - 8% Nylon.
- A comfortable layer of protection for areas with fragile skin tissue.

Medi-Elbow & Heel Safeguard... with foam padding decreases friction and shear on the elbows and heels.

Helps avoid dermal ulcers along with other dermal ulcer therapy by padding & shielding sensitive skin.
